SPECIALTY RANGE

Veterinary Table

Electrically height adjustable Veterinary consulting or minor procedure table.

Ideal for emergency surgery as well as for treatment and preparatory purposes, this table is proving to be an increasingly popular option with Veterinary Clinics and other animal handling organisations.

Offering smooth quiet electric height operation from 450mm through to 950mm high at the push of a button, heavy duty powder coated steel frame durable laminate top and independently lockable castors this table can be used as a stable work platform or a mobile table when required.

This table is made to order, so please ask about delivery lead times upon order.

Australian Made Quality.
